Nathan Ochsner, Clerk of Court

Your Honor,
I, Lindsay Shelton, the
appellant, am requesting a reversal
of Judge McCoy's order to terminate
my parental rights to my son,
Leif Shelton. The trial was during
held despite my completion of the
CPS family plan and ability to provide
a safe loving home for Leif like
I always have up until our lives
were ripped apart piece by piece
and endangered many times by CCPD
(Corpus Christi Police Dept), CC Housing Authority,
CPS, and my family, among many others
involved in our undercover disruptive
operations to destroy our lives, murder
my child and have me illegally
charged and imprisoned for it. if I
survived being ~~poised~~/poisoned with an
infectious illness while unconscious
and rendered helpless to save us

All police reports and CPS reports were fraudulent and can be proven fraudulent by overwhelming and indisputable evidence. Most of which has been collected in my

facebook accounts: Lindsay Shetter (Linz and Leit)

Physical evidence

> court records

> police reports - event into sheets (dispatch info)
activity list (units arriving communication with dispatch)

You will find over 200-300+ pages of police reports during this year that we lived in La Armada at 3706 S. Port Ave. Many reports were not included in those submitted as evidence because they were incriminated officers harassing me and illegally entering and searching our home. There was no calls about drug activity as officers stated many different times which they claimed gave them probable cause to search our home. On 3 different occasions,

went straight to one particular [2]
spot I had caught someone putting
illegal drugs without my knowledge
and had just removed them before
Officers showed up to only search
that area and leave. There were
also made up reports submitted in
order to further defaminate my character.
For example, it was reported that
I burglarized a neighbor where
we lived and took his roll of quarters
while he was doing laundry and a
lady witness described me to him
but left before police arrived.

However, at this time, I was
already falsely imprisoned on one
of 5 false charges keeping me in
jail off and on for years to
further defaminate me to the court,
cause me to lose our home and
all we had (including paperwork
and physical evidence proving
my innocence and victimization
by Officers and my family) and

take my parental rights easier.

All 5 charges were dismissed and my innocence was proven but my rights had already been taken during my false incarceration and my appeal. Atty Sandra Eastwood submitted was false and also denied. She still refuses to provide me with a copy or any info concerning the fraudulent appeal she wrote and submitted.

I can prove that I never refused a hair follicle and that my last hair follicle that came back positive for meth was falsified.

I can prove all statements in police reports about my home being dirty are false with pictures of my ~~home~~ very clean on all of those days. All reports stating I was talking fast and high are discounted by photos and videos of myself in my right mind.

After Leif and I survived my being ^{rendered} electronically unconscious for days and shot up w/ infection that almost killed me and Leif survived because our dog wouldn't let him eat the rat poison they put in his food, police illegally removed

him anyway. to be severely abused for mos until I was able to rescue him months later to only be illegally removed again

I have pictures posted of my stepmoms brother in law laughing at me while Zeits being taken and Lin on my porch crying. He is dressed as a maint man remodeling the apt next door to us.

Many police reports are of police laughing at me as Lin trying to show them foolprints on my shell

14
leading up to our attic
door in ceiling. They were
getting the barcodes to our
hygiene, clothes, food while
were sleeping to make these
products dangerous to us.

All these items were
stolen and my electricity
money was taken, so our
elec would be shut off.

I now know that all this
was done to save us. I
also now know these

"maintenance men" were
coming up through a hole
in the floor in my kitchen
as well from outside, under
my apt.

Even the Event Info Sheets
(Dispatch Info) and the Eventy

Activity Lists of every falsified report will show CJ = true meaning ^{most of} these people were confidential informants helping Officers. Even statements by Officers about where their units were and how many units were on scene ~~are~~ are all proven false by these supplemental sheets.

The second removal after retrieving my son was also illegal. There was no court order and that order was fraudulently made later that night w/ no judges name, time, etc and photocopied many times. (Also on my Facebooks)

5

CPS, CASA, Officers and my family's ~~mad~~ statements on stand were perjurous and proveable. ~~The~~ Evidence like my uncle posing as a maintenance man laughing at us after surviving ^{our} attempted murders while Leit being illegally taken were overlooked.

Receipts for the wall plate and toggle switch controlling our lights and alarms to scare us were overlooked. Yet Officer testifying as expert witnesses claimed Leit was holding a real AK 47 ~~in~~ at 3 yrs old while sleeping when the gun was a toy. CPS

Investigator Darrett Valdez testified as an expert

witness that Zeits mosquito bites from camping on the way home after I saved him from Colorado were bruises from being beaten. In this same picture Zeits attorney stated he was laying in bed with an unknown mail (while clutching this AK 47 and covered in bruises) yet they were sleeping on ~~my~~ couch in the living room on complete opposite sides and the "unknown mail" was tagged in the photo.

This appeal has been professionally typed up many times and saved in

6

Google Drives and emails
that were stolen along with
~~was~~ close to a hundred phones,
laptops, files, pictures etc.
forcing me to start over
yet again. So I greatly
apologize for the diarray of
these papers. I am also
fighting cancer now that I
can also prove was intentionally
given to me by Univ Hospital
in San Antonio TX while
being falsely imprisoned in the
Bexar Co Jail on false charges.
Internal Affairs had me
attacked and robbed of my
electronics to destroy evidence
on my Zyra Lane Facebook
but I was able to change

my password on another phone
they were not aware of
before it was all erased
and I was attacked and
again falsely imprisoned on
another assault charge when
there was video footage
showing me trying to get
away then having to defend
myself. The DA's office
held me 3 months until
Bexar Co's false charges
had me sent there, then
to Banderia Co on charges
my step man the City
Secretary, tampered with
a poem I wrote and
falsified a police report

to accomplish.

There is so much more,
that's why I need appointed
counsel and a state action
so I am not having to
fight for my life and
paperwork and so I have
someone with more legal
knowledge putting this all
together for you in a
more clear manner. I
am terrified for my
son's safety as well as
mine
